Mobile phones are not permitted for script reading in class unless a specific exemption has been identified.

STUDENTS WHO WEAR GLASSES

We recommend exploring contact lenses for intensive physical activity and performance.

Where the play is part of the curriculum a copy will be made available. However, you will be expected to develop your own practice by reading and experience plays, television series and live performance as often as possible.

The library has a good selection of texts and everything in your reading list, you will also have [Drama Online](#) and other digital libraries. Your staff team will sign post ticket offers and arrange for you to attend open dress rehearsals wherever possible. However, it is sensible to budget for your own engagement with the arts industry long term.
